Media reviews of the collection:

Handbook of Research on International Entrepreneurship
edited by Léo-Paul Dana

'The Handbook is a nearly comprehensive reference work to the field that will be useful to scholars new to the area as well as those already engaged in it. . . I was impressed by the diversity of the authors. . . The Handbook is an excellent broad reference to the field.'

– Ben Oviatt, *Journal of International Business Studies*

Handbook of Research on Global Corporate Citizenship
edited by Andreas Georg Scherer and Guido Palazzo

'This is a unique and eclectic set of essays on a vitally important (but often neglected) topic. The editors are to be congratulated in assembling a distinguished group of scholars, who carefully and expertly guide the reader through the various facets of global corporate citizenship. This is a "must" read for anyone interested in the social ramifications of the globalization of business activity.'
